Dear Colleagues,

I want to thank you for your interest in the resources from my workshop on Level 3 Experiments. In addition to the supplied documents, I just ask for two things. First, I have done my best to provide the most accurate resources so please forgive any inaccuracies that may be in any of the resources supplied. Second, if you decide to change or modify any of the resources that are supplied please remove any reference of it being my (or EGGs) original material. In this pack you will find the following resources:

- ▶ Keynote Presentation (The one that I used at the Statistics Day)
- ▶ Keynote Presentation PDF (good for full screen and scrolling)
- ▶ Keynote Presentation PDF with Presenter Notes (This has further information about each slide)
- ▶ PowerPoint (Keynote allows exporting to .pptx format but no guarantees can be made that it will convert perfectly)
- ▶ Simple Writing Frame
- ▶ Harder Writing Frame
- ▶ Picture of the Graph Used for the Number of Black Cards Drawn
- ▶ Assessment Checklist (Print to A5)
- ▶ Two Re-randomisation activity word documents
 - ▶ Bacteria
 - ▶ Babies Walking
- ▶ Experiments Assessment Plan

Best Regards,

Christopher Niles
